Information Update for Families and Caregivers

October 28, 2020

Due to the concerning and increasing levels of Community spread of COVID-19; coupled with significant morbidity and mortality prevalent in Winnipeg Personal Care Homes, Luther Home is suspending all Visitation within our Home, effective immediately.

Although Luther Home has thus far remained free of an Outbreak, we are cognizant of the current numbers in Manitoba's Personal Care Homes. Many of these Outbreaks are becoming closer in proximity to Luther Home, and we must act now to protect our beloved residents, whom have the greatest increased risk of severe outcomes if ill with COVID-19. A narrowing hospital and ICU capacity is also of serious concern.

Luther Home PCH will continue offering increased Virtual Visits and Window Visits. To book a visit, please contact Eddie Marion-Gerula @ emarion-gerula@lutherhome.mb.ca, or 204-336-5380.

Luther Home PCH will revisit the process of indoor Visitation when community spread is controlled.

God Bless and Stay Safe,

**Keith Bytheway
Chief Executive Officer**
